

VOLT & VOLT METER

Model No: BTBM0011

Features

- Measure Single or Dual DC Volt from 9 – 30V DC
- Dual LCD 3 digital display with on/off back light
- Black PVC panel mount casing
- Easy D.I.Y installation
- Reverse polarity protection
- Comes with wiring diagram

Specifications

Operating voltage	9 – 30V DC
Operating temperature	0 – 50 °C
Measuring range	9 – 30V DC
Display	Dual 3 digit LED display with on/off white back light
Resolution	0.1v
Max power consumption	25ma*
Colour	Black PVC
Dimension	47x47x53 mm
Mounting	Panel mount 45mm hole
Hall sensor window size	20x10 mm

*with back light on

Warranty

Bainbridge Technologies warrants this product for a period of 24 months from the date of purchase. Bainbridge Technologies will repair or replace any defective product when directly returned, postage paid, to us with a new or refurbished product.

This decision will be at Bainbridge Technologies discretion.

This warranty will be considered void if the product has suffered any obvious physical damage or alteration either internally or externally. Bainbridge Technologies does not cover damage arising from improper use, such as plugging the unit into unsuitable power sources, or attempts to operate products with excessive power consumption requirements, or use in unsuitable environments.

A minimum standard service fee of \$35.00 plus G.S.T. will apply on all products. If the product is deemed to be a warranty then this fee will be waived, and the product will be replaced and/or repaired at no charge.

If there is no fault found with the product the service fee will apply, plus return freight charges prior to the product being released.

If the product is out of warranty the service fee will be absorbed in the quote for repair. If the quote for repair is denied then the service fee will apply plus freight before the goods are released.

Note: This warranty is non transferable

Note: Reverse polarity & voltage surges are not covered by warranty.
